MICRO-CHE™

B

GENERAL INFORMATION: Micro-Che™ B is designed to resolve Boron deficiencies in all crops. Micro-Che B is a complexed micronutrient designed for soil application.

DIRECTIONS FOR USE: Micro-Che B should be used based on soil analyses in accordance with recommendation of a qualified person or institution such as a certified crop consultant, agronomist, university crop extension publication.

General application rate is 0.5-2.0 quarts/ac.

COMPATIBILITY: A standard jar test is recommended prior to mixing with other fertilizers or pesticides.

STORAGE AND DISPOSAL: Product is stable, non-flammable and non-explosive. **DO NOT FREEZE.** If spillage occurs, soak up with an inert substance. Dispose of this product in accordance with federal/state/county regulations. Store this product in a tightly closed original container in a well-ventilated place.

WARNING: This fertilizer contains Boron and should only be used as recommended. It may prove harmful when misused. May damage fertility or the unborn child.

WARRANTY AND CONDITIONS OF SALE: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. No other warranty is made, either expressed or implied. Buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition. Information about this product can be obtained by writing to the manufacturer listed below.

Information regarding the contents and level of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>
