

Convey Prime X

GENERAL INFORMATION: Convey Prime X is designed for application directly to the seed. This product replaces the need for talc and graphite. Convey Prime X is designed to address nutrient deficiencies in various crops.

DIRECTIONS FOR USE: Convey Prime X should be used based on soil analyses in accordance with the recommendation of a qualified person or institution such as a certified crop consultant, agronomist, university crop extension publication.

Apply to seeds before planting. Application should be made in a way to cover all seeds.

- Apply one pail per box of corn (50 units of corn at 80K seeds per unit)
- Apply ½ pail per box of soybeans (50 units of soybean at 140K per unit)
- For planter boxes: 1 enclosed scoop = 3 oz. 1 scoop treats 1 unit of corn or 2 units of soybean.

See table below for supplementary application rates:

Crop	Application Rate (oz./100 lb. of seed)
Corn	6
Soybeans & legumes	3
Wheat and all other small grains	1-3
Cotton and grain sorghum	10
All other crops	4
Target use rate per acre	1.25 oz/ac

HANDLING: Product is stable, non-flammable and non-explosive. DO NOT APPLY NEAR WATER. If spillage occurs, dispose of this product in accordance with federal/state/county regulations.

CAUTION: Apply only as directed. This fertilizer contains Boron and should only be used as recommended. It may prove harmful when misused. May damage fertility or the unborn child.

WARRANTY: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.

GUARANTEED ANALYSIS

Sulfur (S) 2.0%
2% Combined Sulfur (S)

Boron (B) 0.1%

Iron (Fe) 1.0%
1% Water Soluble Iron (Fe)

Manganese (Mn) 1.0%
1% Water Soluble Manganese (Mn)

Zinc (Zn) 3.0%
3% Water Soluble Zinc (Zn)

Also contains nonplant food ingredient 5% Humic Acids derived from Leonardite.

Derived from sodium borate, iron sulfate, manganese sulfate, and zinc sulfate.

Net Weight 9.375 lbs (4.25 kg)
